ax-o-blanc universal abrasive blocks
Grinding | Cleaning | Polishing

ax-o-blanc universal abrasive blocks

You have the surfaces - we take care of the finish. Our products are always called for when surfaces cannot be further refined with conventional vitrified or resin-bonded grinding wheels. Contrary to abrasive belts, they can also be used to finish hard to reach surfaces.

In ARTIFEX tools, abrasive grains such as silicon carbide or aluminium oxide are flexibly embedded in elastic materials, such as foamed polyurethane (P) or rubber (Rplus). As a result, our grinding and polishing wheels are sponge-soft, finely porous or hard, but always elastic. Depending on the application, the specifically matched composition of grain and bonding results in the desired finish.

The universal ARTIFEX polishing block ax-o-blanc does grinding, cleaning and polishing - simple, fast and easy. Suitable for surfaces, edges, curves as well as areas hard to reach.

Just cut the block into the desired dimensions by using a simple knife.

WORKPIECES

Cooker plates | Pot bottoms | Bottoms of frying pans | Knives | Ovens | Backing moulds | Spades | Hedge shares | Axes | BBC grills | Handrails | Metal fences | Camping- and boat accessories and many more

MATERIAL

Steel | Steel alloys | Sintered metal | Precious metal | Non-ferrous metals | Wood | Plastic

TOOL

Product :	ARTIFEX SC - MZ
Bonding :	Foamed Polyurethane
Hardness :	M (medium)
Grit size :	Silicon carbide black F60 F120 F240
Dimension :	80 x 50 x 20 mm
Delivery form :	Blocks
Packing unit :	63 pcs. per grit size

Display box assortment
Order No. : 8048
Content : F60 | F120 | F240
6 pcs. per grit size

ADVATAGES

Can be used dry as well as wet and even with detergents
Like an eraser the block is made of
100 % abrasive material

The ARTIFEX promise

We stand for tools that guarantee the highest quality standards. All ARTIFEX products are „Made in Germany“ and their above-average service life speaks for itself.

Our service: You have individual requirements, we offer customised solutions regardless of the material, shape or dimensions. We will gladly advise you on your premises.
